World Environment Day

We pray for the waters of the rivers that through God's grace, we will fill them again with bountiful life.

We pray for the soil of the earth that through God's grace, we will work for the abundant harvests for all.

We pray for the birds of the trees that through God's grace, we can offer them sheltering green leaves.

We pray for all of this sacred earth that through God's grace and with God's help, we will renew the music of creation's pulsating life.

Amen.
